Portland, OR 97207-0355

www.oregonite.org

The Oregon Section of the Institute of Transportation Engineers is a professional society of both public and private sector engineers, planners, and students with an interest in transportation. We hold various events throughout the year, providing networking and professional development opportunities for members and students. Events include informal social gatherings, technical workshops and luncheons throughout the year and around the state, an annual golf tournament, and the annual Traffic Bowl competition held every fall that showcases our student participation.

2018-2019 Oregon ITE Sponsorship Opportunities

Thanks to generous contributions by professionals in the industry, the Oregon Section of ITE provides continuing education and networking events and supports student activities throughout the calendar year. We'd like to offer you an opportunity to continue to **help support Oregon ITE for 2018-2019**. We intend to make your generosity well known throughout the year and maximize your return on investment to the group. We have various levels of sponsorship and benefits that are detailed in this brochure.

Our organization is entirely volunteer-based, and our events require many hours of planning and coordination by our dedicated board and committee members. Your sponsorship helps us provide cost-effective technical events and fun networking activities while investing in our industry's future with scholarships and student chapter funding.

Board of Directors

President: Pat Marnell, PE; Kittelson & Associates, Inc.; pmarnell@kittelson.com
