communities

access
and mobility

This summer, we created Greater Portland Pulse (portlandpulse.org), a growing partnership that uses both data and dialogue to encourage coordinated action for better results across the region! Now, we welcome you to this FREE workshop to share our experience in analyzing our region's data using innovative visualization tools.

You will leave the workshop with your own WEAVE account, access to all our data and tools that will allow you to create and share interactive data visualizations.

November 18:

PSU Cramer Hall, Room 1

(1721 SW Broadway, Portland, 97201)

9:00 am - Noon

To register:

Contact Neba Noyan at nnoyan@pdx.edu

Who should take this workshop:

- Anyone interested in accessing and understanding data to track social, environmental, and economic well-being for the Portland region
- Anyone interested in learning how to use WEAVE, an open-source visualization tool that we are using on Greater Portland Pulse (portlandpulse.org)
- You should have basic spreadsheet skills and be able to use a computer and mouse. No special database training is required.
- The class is limited to 24 participants; you must register in advance
- There is an additional workshop on Nov 4. The class is full; please contact us if you would like to be on the waiting list.
